

Training Options

Type:	Detail:	Delegates:	Duration	Price*:
Implementation Training and Consultancy	This training includes two sessions designed for key staff from the Learning Support Department and gets you up and running with Atlas. The first is online to give overview and setup information as well as looking at a list of tasks to be completed prior to session two. One week later the onsite training session will cover hands-on tasks, consultancy and a detailed implementation discussion.	Up to 6	6 hours	Included with starter pack £995 as an additional session
Onsite Training for Atlas Core Users	Following Implementation training you can book further onsite training (for existing or new staff) where the main focus is hands-on training of Atlas features. This can be made bespoke to your organisation's requirements.	Up to 6	4 ½ hours	£865
Onsite Training for Atlas Mobile Users	For support staff using Atlas Mobile a shorter training session is sufficient allowing two groups in one day. Each group can contain up to 15 members of staff, providing your IT suites can accommodate this.	Up to 30 Up to 60	4 ½ hours 2 hours per group	£950 £1750 (2 trainers)
Online Training for Core Users	When a college has only one or two new members of staff (or existing staff need a quick refresher) online training may be the best option. The standard introductory programme will be adapted to meet the needs of your organisation.	Up to 2	2 hours	£260
Online Presentation Training for Mobile Users	When there are new mobile users or existing users require a refresher, we can deliver an online presentation of Atlas Mobile and provide additional training resources. For more information please contact us.	Up to 10	1 hours	£165

***Please note: All prices exclude VAT and travel expenses (if overnight accommodation is required this will also be added)**

All onsite training requires use of computers by delegates and a presentation computer by the trainer (linked to an overhead projector)

To book training please call: 020 8847 0214 or email: training@midas-systems.co.uk
